

Magic, Religion & American Culture

What do *Harry Potter*, sports fandom, mind-body medicine, taking college exams, prosperity gospel, *Star Wars*, New Age spirituality, *Game of Thrones*, and the ways in which we think about contemporary political figures, have in common? They each represent major features in America's *magical* landscape, which extends into nearly every aspect of contemporary society, and back into colonial, and indeed pre-colonial histories. If this is your jam, consider taking HNRS 2020: Magic, Religion and American Culture (MWF 9:30am-10:20am), with Dr. Kenny Paul Smith, Spring 2020.
